## **\* Get 30,000 Subscribers In 3 Months (or LESS) \***

-----

The Bulletproof List Building System has been painstakingly designed to duplicate the list building systems of some of the world's top opt-in list builders.

How many people do you think you would need to help you generate a list of tens-of-thousands of opt-in subscribers in less than 3-months? How many hours per day would you have to spend promoting your list building venture?

Let me give you my answer to those questions...

Just TWO people and ZERO hours per day to promote it. All it takes is about 10-minutes (or less) to set up ONCE.

### **THE SECRET**

Here are the key features of this system that will make it one of the most successful list building campaigns EVER launched...

1. It's unequivocally, absolutely and irrevocably **100% free** :-)
2. The entire concept is so **simple** that even an internet 'first-timer' can do it
3. The system is **fully assembled** and ready-to-roll. Just plug it in and let it run
4. It requires absolutely **no maintenance** on your part - plug it in and nothing else is required to make it work

5. Because EVERYONE needs a bigger list and wants more prospects, our system will NEVER stop spreading and growing **EXPONENTIALLY** on \*your\* behalf

Now you know why you've got a wildfire on your hands!

That's exactly what the form you filled out and this report does. And the service this report promotes is one that everyone reading this already needs and desires.

**When you join our system, all you do is these 2 things...**

1. Sign up for the \*free\* program this report promotes
2. Insert your ID#'s into the \*free report form\* and put it up on your site

That's it! The "Bulletproof List Building System" takes care of the rest.

There's nothing else to it. And remember, all you need is TWO people to join you in this deal. Just TWO and you are on a roll. If you can get 100 people, that's great, the more the better and the faster you will grow. But all you ever need is two.

**NOTE: Do yourself a HUGE favor and hear me out before making a decision.**

Here's the difference between the List Building Machine and every other list system on the internet:

For all of the people that signup for free as a result of your promotion, all the way down to \*20 LEVELS\* below you, you will get to...

1. Email this many people FOR FREE (once every 7 days) with any ads you want!

And did you notice how I said, "this many people" and not just "all the people below you"?

That's because every email ad you send out (you'll be able to send one per week) will go to a completely NEW set of members from within the entire network... Not just the SAME members that are in your downline.

2. The number of members you'll be able to email is equal to the number of people below you down to 20 levels. (Every member has agreed to receive targeted email ads -- just like the ones you'll want to send out.)

3. You will *\*only\** receive email ads from people in your up-line ("above" you). Since this system is setup for a maximum of 20 levels per account, the most emails you will ever receive (or any member of the system) is a maximum of 20 per week (which is an average of LESS than 3 emails per day).

So you are GUARANTEED to receive an average of LESS THAN 3 emails per day.

Now if you aren't willing to receive (and read) less than 3 emails per day that are advertising targeted business and marketing offers, in exchange for being allowed to email YOUR ads to thousands and potentially MILLIONS of people, then this system isn't for you.

(Personally, I have never received more than 2-emails per day using this system, sometimes I've received even LESS than even 1-email per week!)

The numbers game says that if you get enough people to look at something that deals with a common human interest, a certain number are going to take you up on it. And with our "system", all you need is TWO PEOPLE to take you up on it.

### **Just TWO...that's it.**

When you put our form on your site giving away this free report, a certain number of people ARE going to request it. Out of those, a certain number of people ARE going to join you. That's all there is to it. You'll soon see why these 3 concepts are very important.

There's really nothing much to the "system". But what makes it so powerful is the ease with which it works. The newest of the new people on the net can get going with this without knowing anything about html, cgi or anything else. It's SIMPLE - and that gives it its power to make you and I both a LOT of prospects, new customers and money, and do it very quickly.

Please don't pass over what I've told you so far without much thought. It took me years to finally understand these simple ideas. Sometimes

the simplest things that stare us in the face are the hardest to find. The single most important thing I've learned over the years is that \*simple makes money.\*

Pre made, ready to go, plug-in and profit, all these things make the most money. People want it all done for them, and that is what gives this simple "system" the power to make you as much money as you want because the money \*IS\* in the list.

The whole idea is this: Join the program, put the form on your domain and just let it ride. That's the whole thing. That's all you do.

### **Are you ready?**

Here's the simple steps...

1. Go to this link and join OPPORTUNITY.COM  
<http://www.opportunity.com/r/instantlist>
2. Download the email form and instructions letter:  
<http://www.SecretAgentReports.com/form.zip>

Follow the simple instructions to put the form on your site.

### **That's it. You're done!**

You will now automatically generate more prospects than most internet marketers do in 3 years online COMBINED! Don't let the simplicity of this fool you. The power of this is IN the simplicity.

You have the opportunity to email more than 362,797 opt-in prospects with this system and do it ALL on auto-pilot. I've already seen the targeted prospects that this service can produce for you. I've seen it grow without any effort other than sending out a simple note to my list. And if you have more than 2 opt-in subscribers already, then this system cannot fail to produce dramatic and measurable results.

Think about how simple and fast this is. Put the form up today and you could literally have your two signups before the day is over. That is the power that the Internet has given the tiered-partnership concept.

There is no guessing. No monthly fees. No trying to convince people to opt-in. It's blazing fast and "simple".

The system was originally thought up by Allen Says and I've supercharged the entire process by combining it with one of John Reese's services. When Allen first used this exact system about a year ago he managed to pull in 30,000 subscribers in just under 3-months...

**..But YOU can \*OBLITERATE\* that record :-)**

Allen originally used the system for 2-tiered \*paid\* affiliate programs when he set that subscriber record. (And he \*wasn't\* even trying to build a huge subscriber list; he was just trying to get second tiered sales/commissions.)

You could receive hundreds or even thousands more people signing up under YOU because your prospects \*won't\* ever have to invest one single penny to qualify for using this system!

I've adapted the system to incorporate a \*free\*, 20-LEVEL tiered (downline) list building program created by John Reese. Are you beginning to see the hands-free, \*exponential\* list building power of this bulletproof list building system?

### **THE DESIGN:**

- 1) Prospect visits \*your\* Bulletproof List Building webpage on your own website and requests the free list building report.
- 2) The subscriber then instantly receives a copy of your list building report (sent by my custom "AgentResponder" software) which contains YOUR Opportunity.com affiliate ID and a zip file with a sign-up/subscription form just like the one on your website.
- 3) The subscriber joins Opportunity.com through YOUR affiliate link found in the email and edits the sign-up/subscription form (that he received in the zip file) with \*his/her\* own Opportunity.com affiliate ID info.
- 4) The subscriber then uploads his/her "coded" sign-up/subscription form to his/her own website and sends one or two visitors to the page to sign up under him/her.
- 5) When those prospects request the report from his/her website form, they receive a copy of the report from my AgentResponder software with the \*website owner's\* Opportunity.com affiliate ID embedded. All

the while *\*YOUR\** downline is growing on complete autopilot because they ALL form part of YOUR downline!

Because John Reese's Opportunity.com service has a 20-level downline ALL of the direct referrals that you make get added to your downline total PLUS all of their referrals and their referral's referrals...etc up to 20 levels deep!

Just imagine what would happen if you were to introduce the system to some of your marketing friends (perhaps even one of the marketing "gurus") and they decided to tell their whole list about it through *\*your\** link?

### **GET INTO PROFIT NOW:**

That's it!

It *amazes* me that some people will spend \$997 on marketing materials and never put a single idea into action.

The good news is that I am literally *\*giving\** you the opportunity to **experience \$997 results** with \$0.00 investment!

We all know the popular statistics about people that don't follow through on their plans. Don't be one of those people. I believe that you've made a decision to create your own list of targeted opt-in prospects and that's why you ordered my report.

You've heard how one man can easily build a hot list of 30,000 targeted opt-in prospects in *\*less\** than 30 days. You've seen the facts. I've given you the liberty of using my own custom built software and bandwidth to make your list building dreams come true.

Don't let procrastination rob you of possible hundreds-of-thousands of prospects and tens-of-thousands of dollars worth of sales.

You don't have any excuse not to at least "try" the system. Why not? Well, because the entire system is:

- **100%FREE**

- **Quick** (It should take you less than 10-minutes to setup)

- **Hands Free** (After setting it up and telling at least 2 people, you don't ever have to spend any more time promoting it, unless you want to...and when you see the dramatic results – you *\*will\** want to :-)

Just edit, upload, tell at least 2 people and forget about it. The magic happens on complete autopilot. Even if you don't have anyone to tell, just leave the form on your website and your regular visitors won't take long to jump onboard.

It's kind of strange, but this system is so simple I don't really have anything much to say except that it *\*works\**! It's amazing!
